

BRITISH SAFETY SERVICES

The IOSH Working Safely Certificate

Everyone at work should have an understanding of why they must 'work safely' and this course offers exactly that. Working Safely introduces a completely new approach to health and safety training and offers all the basics in a high impact interactive course

Target Audience

Working safely is for people at any level, in any sector, needing a grounding in the essentials of health and safety. Everyone at work should have an understanding of why they must 'work safely' – and this course offers exactly that.

It is designed to improve the safety culture within an organisation. It focuses on how individual actions contribute to health and safety in the workplace and provides an understanding of an individual's responsibilities.

Working safely isn't supposed to turn delegates into safety experts. It focuses on why health and safety is important, and how individuals can make a real difference to the wellbeing of themselves and others through changing their behaviour.

Course Aims

This course has been designed on a modular basis. The modules include the following:

- Introducing working safely
- Defining hazard and risk
- Identifying common hazards
- Improving safety performance
- Protecting our environment

Course Objectives

Upon completion of this course, candidates will be able to:

- * carry out work activities without risk to themselves or others and understand the consequences if they fail to work safely
- * identify hazards, risks and risk controls and understand the importance of risk assessment with examples of everyday use of risk assessment
- * take appropriate workplace precautions and understand their importance in the work environment
- * appreciate the importance of a health and safety management system
- * identify lines of communication in their places of work
- * identify safety signs and signals

- * understand emergency and accident plans and procedures
- * know how and to whom to report accidents, incidents and near misses in their places of work
- * recognise how industry affects the environment and how individuals can minimise pollution and waste

Course Details

Timetable:

0900-1230 and 1300-1730.
